

Awareness will be the Word for the Weekend.

Thursday thru Sunday in front of Body Language, in Ship Bottom, an event supporting the Alliance for a Living Ocean will take place.

Exhibits and amazing visuals will be on display. Special apparel sales will provide donations for ALO.

Featured will be the Dymaxion World Flag, a symbol of world peace and world unity.

The flag was created as a visual catalyst; to fly as a reminder to all people, of the ever-increasing need to transcend race, creed, and national boundaries in all matters of global concern.
